

Grapevine Gifts & Rentals

For 17 years, Grapevine Gifts and Rentals has been providing decorations for weddings and special events. Their decoration showroom located in downtown Fairfax is filled with wedding and special event decor. Mother and daughter duo, Sharon and Dawn, began the business after a family friend asked if they would consider decorating her wedding. They said yes and have been decorating ever since! The business began with basic rental items of arches, lattice backdrops, card boxes, vases and pew bows, and the inventory has changed and grown dramatically over the years. Along with traditional elegant wedding decorations, a large variety of shabby chic and rustic decorations are available including weathered barn doors and repurposed porch posts, ladders, windows, doors and milk cans. Head table or cake table backdrops, ceiling draping, tables, chairs, centerpieces, and table linens including tablecloths, table skirts, table runners and napkins are also available. The DIY bride can pick up the decorations and decorate herself, or has the option of hiring Sharon and Dawn to deliver, set up and takedown the decor. They will travel within an hour of Fairfax to provide their services.
